The Hottest Trend

One of the hottest trends in security cameras is the dome camera. Versatile and unobtrusive, the CD14 is easy to mount nearly anywhere. This camera works great on ceilings or walls, giving you the exact view that you need. The CD14 is also very economical with no need to buy a lens or a mounting bracket – they're included with the camera!

Providing Great Video

Our color CD14 delivers 420 lines of resolution and 1 lux. It is built around the latest Sanyo chipset with the full menu of automatic functions for great video in nearly all lighting conditions. The CD14 also comes with easy connection instructions, pre-installed plug and play video cables, 1 year warranty and 30 day money-back satisfaction guarantee.
