Our Tough CD21

The CD21 is a super tough vandal resistant weatherproof color dome camera. Unique case design makes this camera virtually grip and kick proof. Verastile and unobtrusive, it is easy to mount anywhere. Encased in a virtually indestructible aluminum metal alloy vandal resistant housing, you will be sure to get the evidence every time. The CD21 has 420 lines and operates on 12V DC.

CD23 Series

The CD23 series camera operate on 12V DC or 24V AC and uses the latest 1/3" high resolution Sharp color CCD offering a brilliant 480 lines of resolution. The new CD23IR has a built in powerful IR array to give a clear view up to 30 feet in complete darkness. The new CD23VF has a 4-9mm lens so you can get the exact field of view you need. Both models have a stealthy 0.5 lux low light rating and require 110 mA power. Size is 5.5" in diameter and 2.75" tall. Comes with pre-installed cables, instruction, 30 day MBG and a 1 year warranty.
