**Includes a 1 year warranty and a  
30 day money back guarantee.**

### Vandalproof

Super, tough, metal construction makes this new dome camera the perfect choice for demanding applications, including harsh weather installations and vandalism prone areas. Its small size allows it to fit almost anywhere. This camera is so tough, it even passes our Jeep and baseball bat test! The CD32 can rotate any direction inside the highly durable clear polycarbonate dome.

### Features of our CD31 and CD32

Our CD31 is our black and white model and our CD32 is our color model. These cameras both have a 1/3" CCD sensor, which gives a stunning 480 lines of resolution and has a low light ability of 0.5 lux. They also have a 3.6mm lens that give an 80° field of view. The included metal case and handy mounting bracket allow for easy mounting and camera setup. Also included is a one year warranty and a 30 day money back satisfaction guarantee.
