Top of the Line Technology

Extreme light contrast, typically found in entryways and parking lots, pose little challenge for this new all-weather dome camera. The advanced SONY vertical double density wide dynamic chipset combined with the latest generation of aspheric optics provide a crystal clear image delivering up to 480 lines of resolution and an amazing 0.004 low lux rating.

Advanced Features

An easy on-screen menu provides adjustment for advance features such as negative image, horizontal / vertical mirror, sharpness, shutter speed, brightness, color day / night settings, automatic gain control and more. The CD39IR also includes pre-installed plug and play video / power cables, surface mount kit, easy instructions, and a 2 year warranty and a 30 day money back satisfaction guarantee.
