Delivering the Sharpest Images

This high resolution camera is an incredible value, and delivers some of the sharpest images we have seen from an indoor dome. Featuring the advanced Sony ExView chip set, the CD44 offers a stunning 540 lines of resolution, and a super low 0.01 Lux light capacity, virtually seeing in the dark without IR. This camera is perfect for practically any indoor application demanding a crystal clear image, at an extremely affordable price.

Additional Features

Getting the exact field of view is done in just seconds with the powerful 4 mm - 9 mm varifocal zoom auto iris lens that is included with our CD44. It also includes automatic back lighting and gain control. Power requirement is 12 VDC @ 150mA. Comes with easy connection instructions, a one year warranty and 30 day money back satisfaction guarantee.
