

Covert Picture Frame Kit

Comes with audio and an integrated micro DVR

Hotels and offices present challenge for concealments that don't look out of place. Normally those operations are quick and have short setup times. We've designed new kits with a normal wall picture that doesn't look out of place anywhere. Comes with day/night camera, high gain microphone, and an integrated micro DVR. The battery provides over 10 hours of run time. Maximum storage capacity is 4 GB.
