SV4000 STORAGE VAULT

Mass Storage Unit

With hybrid capabilities and seamless integration to third-party and back-office systems, DIGIOP offers solutions that bring visual integration to your business information.

The DIGIOP® Storage Vault provides mass storage capability to DIGIOP Digital Video Management Systems. This direct attached storage (DAS) solution is a preconfigured mass storage device that provides a versatile and attractive modular expansion option for applications where large capacity video storage is required.

This direct-attached storage device is the perfect partner to any of DIGIOP's video management systems. The Storage Vault provides long term, online storage of IP and Megapixel IP video with up to 24TB of storage in a single unit. It can be daisy chained with an additional unit for a combined capacity of 44TB.

The Storage Vault supports the EH, AH, PH, EI & AI Series of DIGIOP Systems. A controller interface is required for each and is capable of JBOD, RAID1 or RAID5. For more information, speak to your DIGIOP Sales Representative.

Data & Peripheral Connectivity: (1) 6 Gbps SAS (SFF 8088) "In" connector for connection to the host used in conjunction with a controller card offered by DIGIOP, (1) 6 Gbps SAS (SFF 8088) "Down" connector for expansion to another enclosure.

Video Storage: Supports up to 12 single 2TB drives per enclosure and can have up to two units chained together. DIGIOP offers this in 2TB through 24TB solutions.

Fault Tolerant Systems: Supports RAID 0, 1, 5, 6 & 10.

IT Platform: Customized 2U-system with front accessible drive bays

Dimensions (HxWxD): 3.5" x 19" x 19" (8.9cm x 48.3cm x 48.3cm)

Weight: 55 lbs (24.95 Kg) (depending on options installed)

Operating Temperatures: 32° to 95° F (0° - 35° C)

Power Supply: Redundant Hot Swap 500W power supplies 100-240V rated at 47-63Hz

Safety & Certifications: CE, FCC

RAID Configurations: These are available and are set through the associated controller. Please Specify RAID with your sales representative.

Accessories: Comes with a 20" sliding rail for rackmount installation

VALUE...

- Value leader within the competitive digital surveillance industry
- Meets the needs of the smallest installations to the most complex.
