Pre-installed with DIGIOP ELEMENTS™ VMS suite

Windows 7 64-bit Embedded

NT Series NVRs

EXPANDABLE NETWORK VIDEO APPLIANCE

With IP capabilities and the flexibility to grow as you go, the NT Series offers a robust platform that lets you unleash the power of video in your business.

Reliable Hardware

The NT Series IP video management system is built on a small but robust Nettop chassis. This purpose-built system features a powerful Atom processor - qualified to record up to 16 x 2.0 Megapixel IP streams @ 5fps, and is specifically designed for low-camera count, multi-site deployments.

Powerful Video & Data Software Suite

DIGIOP ELEMENTS™ is a ground-breaking software platform that features a single, user-friendly interface to the critical video and data intelligence that you rely on to effectively manage your business. Features include powerful search, playback & export, event-based notification, and centralized web-based management of single- and multi-site systems.

'Grow As You Go' Platform

The NT Series lets you expand as you are ready. From a stand alone system to enterprise-wide deployment, IP systems let you leverage existing infrastructure, and add additional channels as your needs require.

NT Series *Network Video Appliance*

System Performance

Video Recording: Supports a wide range of IP cameras using various compression methods in standard definition to high definition resolutions.

Playback: Multi-channel playback, advanced image post processing, thumbnail search, selectable event playback, digital zoom & enhancements, encrypted and easy export

Recording Modes: Continuous, motion detection, pre/post alarm

Video Streaming: Advanced compression and 128 bit AES encrypted

Expand the channels on any NT box as your business grows with add-on licenses (up to max 16 channels)

Hardware Specifications

IT Platform: Customized Nettop PC Chassis

Server App, OS: DIGIOP ELEMENTS VMS Suite, multi-site remote management software suite, Windows 7 Embedded

Data & Peripheral Connectivity: 5 USB ports, VGA out

Network Interface: Ethernet port: 10/100/1000. Integrated 802.11n WLAN

Video Storage: 1TB and 2TB options. Green Energy Saver enterprise drives

RAM: 2GB

Power Supply: External Power Supply. DC Output 19 V @ 2.1 Amps; Input 100-240 V AC @ 1.5 Amps

Dimensions (without base): HxWxD: 6.38" x 1.5" x 9.88" (16.21cm x 3.81cm x 25.10cm)

Shipping Weight: 7 lbs. (3.18 kg)

Operating Temperatures: 28° to 95°F (-2° to 35°C)

Safety & Certifications: ETL, BSMI, C-TICK, CE, FCC, UL, VCCI, SCC, ROHS, CCC, TUV
