

## Purpose-Built Servers

For your convenience, infinias offers a complete line of purpose-built servers to support any access control application. All servers come with Microsoft Windows and Intelli-M Access Software pre-installed and pre-configured. All servers come with an Intelli-M Access Essentials unlimited door license. They're ready to go – straight out of the box!

### INTELLI-M ACCESS SERVER300

#### S-SVR300

- ▶ This high-performance server is ideal for higher door counts, and can comfortably support systems of up to 300 doors.
- ▶ The Server300 features dual 1Gb/s NIC cards - one for corporate network, one for security network/VLAN – to easily use the Server300 as a router to isolate the eDC<sup>32</sup> door controllers from the rest of your network.
- ▶ Also pre-installed are special utilities, designed to support automatic backup and database management capabilities.
- ▶ The Server300 comes complete with Intelli-M Access Software, pre-installed and pre-configured.
- ▶ Benchmarked up to 300 doors (Capacity may vary based upon the complexity of your installation requirements)
